Classroom Assistance

In addition to helping teachers with classroom preparation work, reading to students is an important part of the school day. Our schools appreciate volunteers who are willing to practice reading skills with small groups or individual students. If you would like to help students with the essentials of their schoolwork, consider being a tutor for math or other subject areas. Many of our students would benefit from the guidance of a homework helper, tutor or mentor.

Special Assistance Areas

Consider volunteering in the school library, where you may assist students and staff alike. If you have clerical skills, our school offices need volunteers for general tasks as well as specific projects. There are also opportunities to serve on a district or school committee, or share your talents, career insight and international perspectives with students by giving a classroom presentation.

Events

Special events in Harrison School District Two schools require the efforts of many individuals to make them successful. Each of our schools offers activities before and after school to include literacy nights, Bingo for Books events, school dances, etc. There are also many special community functions throughout the year to include our stakeholder and community luncheons and volunteer recognition event. Perhaps you would like to support our Harrison School District Two athletic teams or extracurricular activities as a volunteer. Field trips offer the opportunity for volunteers to serve as chaperones.

Each online applicant is screened and a criminal background and fingerprint check is performed. Applicants will be notified by email (or telephone if an email address is not provided) when they are cleared to proceed with the fingerprint check process. All fingerprinting is done at the District Office located at 1060 Harrison Road.

To ensure the safety of our students, individuals are accepted into the Harrison School District Two Volunteer Program after the entire screening process is complete and has been processed in the Communications Department. Once you have been accepted into the VIP Volunteer Program, the school or department you wish to volunteer in will be notified and your name will be added to the school’s VIP Volunteer list.

Becoming a VIP Volunteer
