

Meet Mrs. Cerezo

My Background and Education!

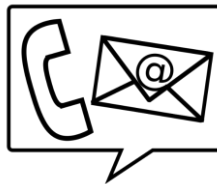

I grew up in Charleston, South Carolina. After graduating high school, I attended The University of South Carolina. It was here that I studied Early Childhood Education and began my teaching career. After spending time teaching abroad in Haiti and at a Pre-School facility in Charleston, South Carolina, I began my journey west to Colorado Springs, Colorado. I have fallen in love with the mountains of Colorado and the people of the Harrison School District Two Community, and am excited to begin my seventh year as a teacher in this district.

** Preferred method of contact is through CLASS DOJO or EMAIL **

The Basics!

Hello families! My name is Erin Cerezo, and I am so excited for the opportunity to serve you this year at Otero Elementary School as your 4th and 5th grade Science, Social Studies and Math teacher. I have been an Otero Oso since 2011. I have a passion for the community, our kiddos, and making sure all learners succeed. Outside of school, I am a busy wife, mother to three amazing kiddos, and dog mama! I am excited to get to know each family this year and get to know our new batch of scholars.
