

Meet Ms. Swenson

MY BACKGROUND AND EDUCATION!

I grew up in the beautiful Salt Lake City, Utah. After graduating from Brighton High School, I attended Snow College for a brief time where I earned my associates degree, and began studying social work. After spending a few years working closely with the community in Harlem New York, and also serving on a few Humanitarian trips to Peru, I discovered my love of teaching. Returning back home to Utah, I attended Utah State University where I graduated with my Bachelors degree in elementary education, with an endorsement for English language Learners. The Rocky Mountains were calling to me, and I made the trek here to Colorado Springs where I have remained for the past 5 years. I have absolutely fallen in love with the city and the Harrison District 2 community!

THE BASICS!

Hello wonderful people! I am so excited to be a Kindergarten teacher here at Otero once again! I have been an Otero Oso since 2013, and I am so excited to work with you and your child! Teaching is an absolute passion of mine, and I know that it is going to be an awesome year full of fun, and of course lots of adventures. I love watching your Kiddos learn and grow, and try to instill a passion for learning in all of my students. I am a proud Auntie to 2 Nieces and 2 Nephews, and I love spending any time I'm not at school with them! Music is another great love of mine, and I am lucky to also be a piano teacher to a few lucky youngsters!
