DIFFERENCE BETWEEN E-LEARNING AND REMOTE LEARNING

e-Learning

- Students learning 100% online
- Families opt into e-Learning
- Can choose e-Learning or in person learning throughout the year

Remote learning

- A school or classroom is closed, and students must do their learning from home
- Not a choice by parents
- 6-12 starting the year remote learning

MINIMUM EXPECTATIONS FOR E-LEARNING AND REMOTE LEARNING

e-Learning

- Students follow along with POLY and online instruction through Canvas for math and ELA
- Work completion will mirror work that is assigned in person
- 65 minutes for ELA
- 75 minutes for Math
- 45 minutes for Specialized Instruction

Remote learning

- Assignments in Canvas
- Students are completing work in Canvas
- Teacher is answering questions and collaborating with students

SYNCHRONOUS AND ASYNCHRONOUS TEACHING

Synchronous

- Real-time, live, interactive teacher to student instruction using Teams
- Teacher to student feedback and instruction through Teams
- Real-time breakout groups
- Live chat
- Real-time discussions

Asynchronous

- Teachers post course assignments and students complete the assignments within a designated timeline
- Lesson is pre-recorded or task in pre-loaded
- Pre-assigned groups
- Discussion boards

SYSTEMS OTERO WILL USE FOR E-LEARNING AND REMOTE LEARNING

- Canvas
 - K-12 Instruction
- Microsoft Teams
 - K-12 live video meetings with students
