

2021-2022 School Culture Survey

A few highlights from our school survey

positives

96% of Families say that school leadership supports the success of students as a “whole child”.

90% of Students say everyone is accepted at their school.

100% of Staff state school administrators support them when needed.

Improvement Opportunities

84% of Families state that they are notified by or hear from the school when their child does something good at school.

62% of Students state my principal visits the classroom in connection with the ways principals support students.

85% of Staff are satisfied with the feedback/recognition received by administrators regarding their work.

Next Steps

The PBIS team will develop dedicated student recognition awards, ceremonies, and shout out boards routines for parents to see and hear about their students accomplishments at school.

Principals will develop designated times to visit students during SEL and class meetings when it is not set as an evaluative format.

Administrators will ensure staff feedback/recognitions are delivered in a timely, purposeful manner that is in written, verbal, and/or visual forms.
