STAFF GUIDELINES FOR HARRISON SCHOOL DISTRICT TWO APPROVED FIELD TRIPS

For purposes of these guidelines, a field trip is defined as “any academic, athletic*, competitive*, instructional, performance or other District approved trip taken by District students to any location away from the student’s school.”

“Field trips are a very important part of the instructional program of the district. Purposeful, well-organized and properly supervised travel experiences enable students to discover new worlds, stimulate interest in further learning, increase cultural awareness and bring historical events to life.”

* - For high school and middle school athletic/competitive activities different forms are required, please see your school principal or athletic director.

All of the following required forms may be accessed on the District Two Benefits website under the heading Benefit Forms.

### Planning Recommendation

For trips out of state or out of country, the person in charge should consider the travel insurance package that is available through a travel agent **and advise parents of this option in writing.** The travel insurance would provide protection for last minute trip cancellation. In addition, the travel insurance would provide some coverage for accidental injury treatment and serious health issue. The travel insurance would be in addition to the health coverage for each student. Also, all students and supervisors **must** possess a passport if traveling out of the country.
